Doubt Expressed Whether Railway Strike Will Be Called

UNION HEADS REFRAINING DISCUSSION

Not Expected That Four Brotherhoods Will Join in the Strike Movement

SOLID FRONT IS ESSENTIAL. Refusal of Trainmen to Join in Strike Would Prove Generally Disastrous

(By Associated Press)
CINCINNATI, June 8.—While union heads generally refrained from commenting on the probability of a walkout as a result of the release of strike ballots to 430,000 railway shop men, some leaders expressed the belief it would not be sanctioned unless the 16 brotherhoods and organizations presented a solid front. Doubt was expressed that the four transportation brotherhoods would join in such a move as their wages have not been cut by the railroad labor board.

DANISH MINISTER TO BE NAMED SHORTLY

(By Associated Press)
COPENHAGEN, May 21. — (By Mail)—Prince Aage of Denmark, who according to rumors, is to be the next Danish minister to Washington, has been entertained at luncheon by the American club. Minister Prince who presided introduced his highest as "a great traveler, a great soldier fighting on the side of the allies, and one of Europe's finest middleweight boxers." In his reply Prince Aage recounted the happy impressions which he had obtained of the Americans whom he met in France during the war, and he appealed to America to assist Europe through the darkest hour she had experienced since the armistice with that same energy and intelligence she showed during the war.

STEEL LAWYER IS DECLARED IN CONTEMPT

Refuses to Turn Over to Experts Reports on Companies Consolidated

(By Associated Press)
NEW YORK, June 8.—Thomas L. Chadbourne, a lawyer, who promoted the Republic-Midvale Inland Steel merger, was adjudged in contempt of court today by the Lockwood legislative committee when he refused to turn over to experts the reports in seven companies which were originally intended to be brought into consolidation.

Tomorrow, Charles Ray in "Two Minutes to Go."
And "The Claret Cat," a wild animal picture of the Bill and Bob series for boys.
Coming, Cecil B. DeMille's latest production, "Saturday Night."

PETER BUOL IS MAKING VISIT TO THIS TOWN

Republican Candidate for U. S. Senator Makes Favorable Impression With Voters

Hon. Peter Buol, of Las Vegas, republican candidate for United States senator, subject to the wishes of the voters at the primary election to be held on September 5, accompanied by his brother, Frank Buol, prosperous rancher of Pahump, Nye county, is a visitor to Tonopah, and for the next three days will devote his time to becoming acquainted with the voters.
Mr. Buol is a five wife, possesses a splendid personality, and is a republican of the old school whose party principles have never been questioned, and who will lend vigor to the position to which he aspires. If the election of this state decides to tender him the exalted position.

Hon. Peter Buol is widely known to the people of Nevada and has been an empire builder of this state since 1904 when he located at Las Vegas. A native of Illinois he decided upon seeking a home in the west and in 1903 he located in Los Angeles, but within a year he decided Nevada offered the best inducements and selected Las Vegas as his future home. He was honored by being elected the first mayor of that town; served 12 years as United States commissioner; was elected to the Nevada assembly in 1914, serving one term. At the fall election in 1916 he was elected to the state senate, serving four years, retiring in 1920. As a legislator he was never found wavering from the principles of the republican party. Mr. Buol is a hearty supporter of President Warren G. Harding and the administration, and will prove a valuable assistant in carrying out the program that is being mapped and followed by the voters at Washington.

Mr. Buol, upon leaving here, will drop over to Ely, and then visit Pioche and Caliente, later dropping into Los Angeles on June 20 where he will meet his wife and daughter, the latter attending school in that city, following which he will proceed to Reno where he will maintain his headquarters for the summer. He expects to visit Tonopah and other southern Nevada towns and cities at least once a month, and purposes making a thorough canvass of Nevada with a view of getting acquainted with the voters in every section of the state.

While it is not generally known, Mr. Buol is interested in mining in Nye county and has been developing the Roadside property at Sharp, 117 miles east of Tonopah, for the last three years, with highly gratifying success. He is interested with A. G. Barnes, the circus owner, in the property of the Roadside Silver Lead Mines company, the two being the principal owners. Before starting for Ely, Pioche and Caliente, he will pay a visit to the mines property in question.

Mr. Buol was the man who was largely responsible for developing the artesian water system of Las Vegas. He is also the moving spirit in the Nevada Lime and Rock quarry, 20 miles south of Las Vegas, which employs 115 men, and which is burning 50 tons of lime daily, shipments being made to Los Angeles. All the lime used in the five mills of Tonopah is produced from these quarries.

FISHING LICENSES TO BE INCREASED

(By Associated Press)
STOCKTON, June 8.—The Central California Fish and Game Protective Association yesterday recommended that the next legislature raise the price of fishing and hunting licenses from \$1 to \$3 a year. A fee of \$5 for both was also recommended.

GREAT RECORD OF PRODUCTION BY TONOPAH M.

Shipment for Last Half of May Shows Gain Fourteen Thousand Over Former Period

OUTPUT IS BEING INCREASED Outlook is Favorable for Even Greater Tonnage Following During Coming Months

The Tonopah Mining company established a new production record during the last half of May when a shipment was made yesterday consisting of 27 bars of bullion that had a value of \$66,000, or an increase of \$14,000 over the first half of the month. This made the production of May total \$118,000.
This made the grand total production from the big mills of Tonopah for the month of May amount to \$711,223, or at the rate of \$8,334,868 a year.

The Tonopah Mining company continues to carry forth an energetic campaign of mine construction and ore production, and the report covering the seven-day period ending Monday, June 5, follows:

SILVER TOP SHAFT
"Drift 125, east, continued on a stringer of high grade ore. Raise 498, cut 2 feet of quartz containing very low values. Crosscut 711 has been started from drift 701 for prospecting purposes. Development, 91.5 feet; tonnage, 400.

MIZPAH SHAFT
"Raise 565 A intermediate, following one foot of very good ore. Raise 567 D intermediate, being run between 567 and 577 intermediate. Crosscut 628, no change to report. Development, 82.5 feet; tonnage, 700.

SAND GRASS SHAFT
"Raise 1167, no change to report. Development, 28 feet; tonnage, 350. "Bullion, 27 bars; value \$66,000."

PRESIDENT APPROVES NAVAL OIL PROGRAM

(By Associated Press)
WASHINGTON, June 8.—President Harding in a special message to the senate today stated the policy of the navy and interior departments in dealing with naval oil reserves, including private leases, had his full approval.

LEADER KLANS TRIES SUICIDE AFTER ARREST

Attempts to Jump From Eleven Story Window in Los Angeles Hall of Justice

(By Associated Press)
LOS ANGELES, June 8.—Nathan A. Baker, Ku Klux Klan klan leader, and self admitted leader of the night riders in the Inglewood rail. April 23, growing out of which indictments were returned yesterday against Baker and 36 other Klansmen today, attempted to jump from the window of the eleventh floor of the Hall of Records, according to a revelation by the district attorney's office. Baker is held in the psycho-pathic ward of the county hospital for observation.

JAPANESE CUTTING DOWN NAVAL FORCE

TOKIO, June 8.—Japan's new naval policy, cut on the pattern outlined at the Washington arms conference, has made the naval field a very restricted one for the young subjects of the mikado, according to an official of the navy department. This year's quota of cadets and enlisted men who will enter the naval service is said to be considerably smaller than the average of the past.

BETTER VALUES NOW SHOWING AT CAMP TAYLOR

Two Shifts of Miners Being Employed in Sinking of Shaft on Storm Cloud

Things do hum at the new silver-gold camp of Taylor, situated five miles south of Golden Arrow. Two frame buildings now grace the new camp and three tents have been provided to house the crew of workmen that are being employed at the Storm Cloud property, the control of which has passed to George Wingfield and J. G. Crumley.

Shaft sinking has been resumed under the direction of Nels Nelson, and two shifts will be employed in the breaking of ground. It is expected that progress will result at the rate of two feet each day from this time forward. The ore showing is better today than at any time since development was started and the silver and gold contents of high value are still being maintained.

In the event the showing justifies, which now seems a certainty, a gravity water pipe line service will be constructed a distance of four miles to the new camp. It is said that there is a sufficient supply of water that can be made available for mining and domestic purposes that would be ample to meet the demands of a community the size of Tonopah and so that end plans are being formulated whereby water will be piped without delay as soon as the permanency of the district is assured.

W. E. Morton, a Los Angeles broker, and formerly engaged in the banking business in Goldfield, accompanied by Frank H. Taylor, after whom the camp is named, visited the district yesterday and returned highly pleased over the possibilities. Mr. Morton says that there is much talk in Los Angeles concerning the new district and the opinion prevails generally that a mineral district of permanency is being established.

DESTRUCTION OF TIMBER OVERSEA TO BE CURBED

Australians Becoming Alarmed Over Demolition of the Forest Wealth of Nation

(By Associated Press)
SYDNEY, N. S. W., May 18.—(By Mail).—The rapid demolition of Australia's forest wealth occupied the attention of the Australian forestry conference sitting in Brisbane and plans were discussed to launch a campaign to curb what was styled "the wanton destruction of timber by mill and fire."

"There is a popular delusion that Australia has untold riches in her forests, but the contrary is the case," one speaker said. "A long course of improvident conduct has reduced our forests to one-twenty-fifth of our total area and our permanent reserves to one-hundredth of the total area. India with an area one-third that of Australia and a population 17 times as large has one-tenth of its total area reserved for forests and one-fourth of the area under forests."

"A deplorable instance of the disregard for forest wealth and forest beauty in Australia is to be found in the Acheron in Victoria, once one of the most beautiful tourist attractions, but now a scene of desolation because of the operations of saw-millers, whose one object was to clear the country of its timber thoroughly and quickly."

The conference adopted a resolution urging that "frequent inspections by skilled foresters, protected from the interference of politicians, are necessary to preserve the forests."

POMP ATTENDS WEDDING KING OF JUGOSLAVIA

Entire Route of Bridal Party Lined With Double Rows of Armed Soldiers

ALL NATIONS REPRESENTED Event Will Remain Unmatched For a Long Time in Balkan Annals of Society

(By Associated Press)
BELGRADE, June 8.—Elaborate precautions were taken to guard King Alexander and Princess Marie of Rumania, during the wedding festivities today. The entire route of the bridal party from the palace to the cathedral was lined with double rows of soldiers and gendarmes with loaded rifles and fixed bayonets.

Medieval pomp and splendor marked the wedding here today of King Alexander of Yugoslavia and Princess Marie of Rumania. Nearly every nation in the old and new world was represented at the ceremony, which linked the dynasties of three Balkan countries, forming a powerful barrier against future wars in this turbulent part of Europe. The event probably will remain unmatched for a long time in Balkan annals for its political significance; the lavishness and beauty of its settings; the enthusiasm and fervor of the people; the picturesque quality of the processions, and the quaintness of the preparations to the bride and groom.

The bridal gown was an antique creation of white crepe Georgette, with long court train, embroidered in pure silver and crystals, and the princess wore over her tulle veil a shower of scintillating gold strands. She was a picture of girlish beauty, dignity and grace as she was escorted to the altar by her father, King Ferdinand of Rumania. From her shoulders fell a large court mantle in brilliant silver, at the lower end of which the double arms of Rumania and Yugoslavia were embroidered in silver and gold. King Alexander presented his bride with a massive crown of gold, set with diamonds and rubies, each province of Yugoslavia having contributed a precious stone to the diadem.

SKELETON OF ANOTHER MAN IS UNEARTHED

Found in the Vicinity of Coyote Mountain and Foul Play Is Suspected

The skeleton of a human being was found yesterday afternoon on Coyote mountain about 2 1/2 miles west of Tonopah and within 100 yards where another skull was found about two weeks ago by Jimmy Foster and Frank and Morris LeFevre. The find was made by Charles Glenn, deputy sheriff, who was detailed to make an investigation of the matter, and is entirely separate from the one made by the three boys above mentioned.

The body had been buried in boxes, and effort had evidently been made to cremate the remains as the clothing showed the effects of fire. It is a matter of conjecture as to how long the body had been buried, and Frank J. Cavanaugh, the mortician, says it might be three and it might be twelve years. The head had been wrapped in a handkerchief and the scalp and hair came off when the skull was lifted.

The bones were brought to the undertaking parlors and the legal death of the unknown man will be established, following which the remains will be interred in the local cemetery.

SOLDIER BONUS BILL PRESENTED BEFORE SENATE

Nearly Four Billion Must Be Provided to Extend Over Forty-Three Years

(By Associated Press)
WASHINGTON, June 8.—The soldiers' bonus bill, presented in the senate today by Chairman McCumber of the finance committee, with an accompanying report placing the probable cost to the federal government at \$3,845,659,481, spread over a period of 43 years from next January 1. It is approximately \$200,000,000 less than the estimate under the house bill which was \$4,098,478,350, payable over 20 years.

Efforts to present the soldiers' bonus bill to the senate were blocked by Senator Williams of Mississippi. Chairman McCumber gave notice he would make another effort later in the day to get the measure to the senate calendar.

Because of parliamentary procedure under which the senate was operating, unanimous consent was necessary to present the bill and report, which earlier in the day had been made public by Senator McCumber. Senator Williams refusing such consent. Asserting congress had paid claims against the government of "war profiteers" and every time effort was made to pay compensation to soldiers there was an objection. Senator Ashurst of Arizona, urged Senator McCumber to move the bill be received.

GOVERNOR STEPHENS GIVEN HOT SHOTS

(By Associated Press)
CHICAGO, June 8.—The general defense committee announced today it had mailed a letter to Governor Stephens of California, commenting on the speech by the governor in which he is quoted as saying that the criminal syndicalism law should never be changed except to strengthen it. The letter said "California stands alone among states in continuing prosecution of organized labor under war time statutes passed during a period of hysteria."

ALL-METAL PLANE IS WRECKED AT DETROIT

(By Associated Press)
DETROIT, June 8.—The all metal plane which Capt. Eddie Rickenbacker is attempting a cross country flight from New York to San Francisco, was wrecked at Packard field near here when it was struck by a bolt of lightning 20 minutes before Rickenbacker and the party were to be taken off for Chicago.

INDICTED KLANSMAN INTENDS SURRENDER

(By Associated Press)
ATLANTA, June 8.—G. W. Price, king klan leader of the Ku Klux Klan of California, indicted in Los Angeles in connection with the Inglewood raid, will leave here tonight to face the charges. E. V. Clarke, imperial wizard protest, announced to dry.

ROBBERY IS CHARGED TO COAL MINERS

(By Associated Press)
SALT LAKE CITY, June 8.—Rousis Pezoulakis and George Kollabakis, alleged striking Carbon county coal miners, are under arrest at Haws, Utah, charged with highway robbery. They are alleged to have waylaid and robbed workers on their way to the mines.

BANDITS ASSAULT CAR OF ITINERANTS

(By Associated Press)
STOCKTON, June 8.—Henry Taylor killed and Eugene Tucker was shot in the leg when they resisted a bandit who held up 30 itinerant workers in a box car traveling from Modesto to Stockton. Frank Ston, a stranger, was arrested here later and is held for identification.

SALIENT TAKEN FROM FORCES OF IRREGULARS

Town is in Full Possession of Military and Order Expected to Be Maintained

REBELS ARE CONCENTRATING Thousands Said to Be Armed With Latest American Rifles and Ready to Fight

(By Associated Press)
BELFAST, June 8.—Belleek is occupied by British troops which advanced today to take the salient from the Irish irregular forces, and the fort overlooking Belleek was the first captured by the British troops. The town was then taken possession of by the military.

As the British forward march continued and special constables acting as observers, the occupied hill tops commanding a view of Belleek and Magheramore castle, the advance parties held the roads and other strategic points. Motor and steam launches kept in touch with troops, while in the middle lake small coves were observed, apparently containing stores.

At the Newtownards military headquarters it was stated, Belleek had been retaken without loss of life and no prisoners were taken.

(By Associated Press)
LONDON, June 8.—Ex change Telegraph statement says: "Several thousand rebels are reported to be concentrated at Raphoe, County Donegal, armed with the latest American rifles. Large rebel forces on the northern side of the Derry-Donegal border are reported to be conscripting Donegal loyalists, who believe they are a rebel attack on Londonberry."

Six thousand men of the Liverpool regiment arrived here last night, taking up quarters in the Termon Barrow house, owned by Nazareth nuns. Gwynne institute and Magee Presbyterian college on the Donegal side of the River Foyle. The Londonberry military barracks are on the County Londonberry side of Foyle, so there are now large reinforcements on both banks of the river.

MEXICAN FARM PURCHASED BY BANKING HOUSE

Property Expropriated by Obregon to Prevent Sale to American Syndicate

(By Associated Press)
EL PASO, June 8.—Arrangements have been made by Caja de Prestamos, Mexico City banking house, to purchase the 4,000,000-acre Chihuahua estate of General Luis Terrazas, recently expropriated by President Obregon, to prevent the sale of the land to A. J. McQuarrie and a syndicate of American financiers, according to Consul General Luis Montes Deoca, here.

GIBSON BERRY, superintendent of the Round Mountain and Fairview Mines company, was an arrival in Tonopah last night to look after business matters.
